Dear Parent/Carer

Re: Ofsted report - April 2017

We are writing to share the Ofsted report with all parents and carers. The report makes clear that the school requires improvement.

The final version of the report will be published within five working days from the date of this letter on the Ofsted website at <http://reports.ofsted.gov.uk>.

Firstly we would like to thank all the children for their exemplary behaviour and positive attitude throughout the inspection and for all your support and positive comments.

We are very much a school that places the children at the heart of all we do. Once again 'personal development, behaviour and welfare' have been graded highly, something that we are very proud of. Including the values we teach the children, the way they treat each other, the way they behave both in class and out - ultimately the way we want them to develop as members of our community where respect and care are paramount. Having this surely makes us better placed to address the areas we can get even better at, as does having a committed, hardworking dedicated staff.

It is our intention to move swiftly and drive improvements so that our school offers the very best we can for the children in our care. We are eager and keen to meet the challenges ahead and will do everything in our power to continue to raise attainment, as will all our staff and governors. We will build on the strengths that the report identifies and ensure that this now translates across the school, so that all pupils do make the progress and achieve the outcomes they are capable of. Please be assured that we are all fully committed and will work tirelessly to meet the high expectations we all rightly have of our school.

Yours sincerely

Ms J Hegarty
Headteacher

Mr P Wiseman
Chair of Governors
