	<p>Nursery predominately follows the children's interests which are discovered and discussed during our Key worker time. The children's ideas are then put into the continuous provision to extend their learning and development.</p>					
	<p>Throughout each term we focus our time on developing the children's confidence in the setting and with their peers. We link activities to stories, the children's interests and encourage quality discussion and questioning in order to extend their knowledge and understanding. Children are supported in their learning through planned and spontaneous activity opportunities.</p>
