Dear Parent/Carers

I wanted to raise your awareness of an article on online safety I came across yesterday. I have spoken to your child and alerted them to the article on the BBC Education news website.

I was concerned about the number of under age children who use sites like these. They were also completely unaware of what they were agreeing to when they ticked the legal agreement when joining.

I have attached the article for you to read and discuss with your child and a link is available on the school website.

Yours sincerely

Jeanette Hegarty
Headteacher
Ravenscroft Community Primary
