Dear Parent /Carer,

Next week will be Democracy Week at Ravenscroft. During the week, children will participate in a variety of activities which will lead to the election of this year's school council.

Each child in the school (Year 1-Year 6) will write a speech to try to persuade others that they should be chosen as the class representative.. Their speech will need to be persuasive and they will need to inform other children about their qualities, personality and why they would make an excellent candidate. Teachers will guide children further before their writing task. Once they have written their speech they will then be required to present it to their classmates who will then be given the opportunity to vote for the pupil they believe will best represent their class.

I am informing you ahead of our Democracy Week so that you can discuss this with your child and perhaps think about some of the things that your child may wish to write about.

Thank you in advance and I wish your child the very best of luck!

Mrs Cochrane  
Year 6 Class Teacher
