Dear Parent / Carer

Thank you for your recent application for your child to be admitted into our Reception Class in September 2020. I am pleased to confirm your application has been successful and would like to take this opportunity to welcome you and your child to our school.

Unfortunately due to Covid 19 we are unable to have our usual Reception intake meetings but Miss Lally our Reception teacher has produced a power point presentation for your information, you can access it on our school website. I will contact you at a later date with information regarding how school will look in September.

Can you please confirm your acceptance of the school place by e mailing school with proof of birthdate for your child? If this is not possible please ring school and organise a time to drop into school to provide the proof as we are restricting visitors at the moment.

Also if you could provide an e mail address, if you haven't already, we can set you up on Tapestry, our EYFS communication tool. Miss Lally will then be able to communicate with you and you can complete the "All About me page " with your child before starting.

Yours sincerely

Miss J Hegarty
Headteacher
