

## ***KS2 Instrumental Provision***

Every child in KS2, as part of our music curriculum, will receive a whole year of instrumental provision. This is known as Wider Opportunities. These sessions usually take place in Year 3.

In addition to this, many children are then selected to learn a further instrument during their time in KS2. Specialist teachers from Knowsley Performing Arts deliver these sessions.

These sessions are free of charge and an instrument will be provided. We ask that your child practises regularly so that they are prepared for their weekly lesson. Children who receive Wider Opportunity sessions or instrumental lessons will perform in our annual Summer Tunes Concert.
