

Make Every Day Count

Happy New Year everyone! As we start a new school term and New year, pupils are being encouraged to achieve 100% school attendance and punctuality this year. School plays an important role in children's development, both academically and socially.

Attending school regularly provides children and young people with the very best start in life by ensuring they have opportunities to learn, develop, achieve and succeed. It also provides a great opportunity to socialise, meet new friends and try new things. Having a regular routine too is essential to your child's development - regular bedtime routine as well as morning routine, including attending school on time, aim for 8:45 am. Learning starts in class from 8:40 am so it is really important your child does not miss out.

If you have concerns around your child's attendance, please speak to their teacher or myself at the earliest opportunity. There is a range of support available to you. Remember, if your child is sick, contact the school immediately to authorise their absence. Any unauthorised absence can result in a Fixed Penalty Notice being issued.

Also, remember Holidays in term time need to be requested, please call into the office and request a form.

Miss Hegarty

Let's eat **New Year's Party Day**

Prizes on offer

19 January
Chicken nugget party box,
cookie and drink

just £1

Knowsley Council
ParentPay

Strawberry, Broccoli, Potato, Red Pepper, Mushroom, Broccoli

The poster features a central image of a 'New Year's Party Day' party box with a tiger-striped top and a jungle scene with a blue elephant, a lion, and a monkey. Next to it is a red container of chicken nuggets and a stack of cookies. A green starburst graphic says 'Prizes on offer'. The date '19 January' and description 'Chicken nugget party box, cookie and drink' are in a dark blue box. A large blue circle contains 'just £1'. Logos for Knowsley Council and ParentPay are at the bottom left. A row of six forked vegetables (strawberry, broccoli, potato, red pepper, mushroom, broccoli) is at the bottom center. A vertical strip of various fruits and vegetables is on the right side.
