Friday 19th April 2024

Dear Parents,

As you will know, we made some changes this week around the school dinner menu. The reasoning behind this was to keep in line with the Knowsley menu but also to encourage the children to try new meals. There has been some success with this, and we have had many children trying a hot meal that they would not normally have chosen, and liking it. I have listened to feedback from some of our parents and children , and from Monday, we will now revert back to offering a sandwich choice each day. We will continue to offer tasters of hot meals (along with the sandwich choice) to children who wish to try out various dishes to see if they would like it in the future.

Thank you to those parents and carers who came to speak to me around feedback—your opinions are greatly valued.

Many thanks

Mrs Coleman
