Dear Parent/Carer

RE: School Entry Screening 2025/2026

Welcome to the School Nursing Service. Now that your child has started school their health and wellbeing service has transferred from the health visiting team to the school nursing team, as part of the Knowsley 0-25 Health and Wellbeing service; working in partnership with schools, children and their families to support the health and wellbeing of every child aged 5 to 19 years.

We would like to provide support for any health concerns that you may have about your child. This term you will receive an e-questionnaire from **WCHC NHS** as a text on your mobile phone. If you do not receive this text by **11/11/25** please contact our duty hub to update your contact details, 0151 514 2666, we will then arrange for the link to be sent to you **Please complete and submit the questionnaire without delay.**

Once the completed questionnaire has been received, a member of the school nursing team will review the questionnaire and may contact you to support you with any concerns you have highlighted.

Please only complete the form if your child attends a school in Knowsley and their date of birth (DOB) is between **01/09/2020 and 31/08/2021**; you will be asked to enter their DOB when you access the questionnaire.

The information you share with us will be treated confidentially. For more information on the type of information that Wirral Community Health and Care NHS Foundation Trust holds; how that information is used; who we may share that information with; and how we keep it secure and confidential, please see the accompanying privacy notice. Our full privacy notice can be found on trust's website [Service user privacy notice - Wirral Community Health and Care NHS Foundation Trust](#)

A full list of all the vaccinations your child should have received prior to commencing school can be found here [NHS vaccinations and when to have them - NHS](#) If your child is not up to date with their preschool immunisations, please contact your GP as soon as possible to arrange an appointment.

If you have any concerns or require further support, please contact the School Health Team on; 0151 514 2666

Yours faithfully,

joy
Joy Watkinson,
Knowsley 0-25 Health and Wellbeing service lead
